Employment recovery after Covid is modest. To change this, Invest in India's small towns

The presentation of the Union Budget by the finance minister is an occasion to reflect on both short-term and long-term economic policy and prospects. India's economy as well as the global economy have been through a rough few years with Covid pandemic followed by the war in Ukraine.

In India, as per CMIE data, neither employment nor incomes have recovered completely in aggregate terms, from the Covid shock.
